Course Selection and Add/Drop Procedures for 2025-2026 New Entrants

I. Required Physical Education (PE) Courses

- (1) All full-time undergraduates are required to take one unit of PE course in the first and second terms respectively during their first year of attendance, except for Exercise Science and Health Education Majors, and Physical Education, Exercise Science and Health Majors. The total number of units earned in required PE should not exceed 2. Nevertheless, students admitted with Advanced Standing (AS) and students admitted to senior-year places (AD/HD) are only required to complete one unit of Physical Education course in either the first or the second term. The total number of units earned in required PE should not exceed 1. Students can only take one required PE course in each term. Students under Dual Degree Programme should take the required Physical Education according to the regulations of their departments. Those who do not complete the requirement without permission from the Physical Education Unit will be given a failure grade for the assigned course.
- (2) Students should register the required PE courses under *CUSIS*. For students who fail to register a course, the computer would randomly arrange a course to them. Medicine or Nursing senior-year entrants should enroll in courses offered for them. One of the alphabets of the course codes of these courses is M (e.g. PHED1018MA).
- (3) All new students (except AD/HD/AS) will be pre-assigned a dummy PHED1000 course (1 unit) under *CUSIS* before course registration in the first and second terms respectively during their first year of attendance. They are only allowed to swap PHED course under *CUSIS*, no add or drop is allowed.
- (4) AD/HD/AS students will NOT be pre-assigned dummy PHED1000 course in the first term. They could put ONE required PE course into the shopping cart each time, and can add or drop PHED course under *CUSIS*. If the course chosen could not be registered for some reasons (e.g. full quota), students have to put another required PE course into the shopping cart and repeat the registration procedures. In the second term, a dummy PHED1000 course will be pre-assigned to them if they have not enrolled any required PHED course in the first term. They are only allowed to swap PHED course under *CUSIS*, no add or drop is allowed.
- (5) A course can only be taken once, for example, students enrolled in volleyball course in the first term are not allowed to take the volleyball course in the second term.
- (6) Supplementary Course Selection is offered to:
 - (i) Students who cannot enroll in any required PE course and have NOT been assigned any PE course after course registration period (these students will receive an email reminder from the PE Unit), or
